

Greetings!

You are receiving this email because you either have signed up for the Hullabaloo, or I think you should. :-)

If you haven't officially signed up and are coming, please do so as I need to know numbers for map printing and food. Sign up is at: <https://www.tanznavigation.org/events/hullabaloo/register.php>

Things are pretty much all ready to go. Here's the schedule for the weekend of **AUGUST 14-16th, 2026**.

You can participate in none, some, or all of the events. I'll be giving prizes for the winners in each event and the overall winner, but it's mostly meant to be a FUN event where we all help each other learn some new skills.

Some specifics:

1) The mountain biking stage: you need to create an account at thetrailnottaken.com and link your Strava account to it. If you don't have a Strava account, create a free one. The website is in a bit of flux, but it will be all ready to go in a week or so. Once you create an acct, you'll see a trail system (a list of about 40 trails). You will have 7 hours to ride as many of these trails as you can, so route planning will be important. You will receive points for trails completed and miles ridden. I will give trail descriptions on Friday night when I pass out maps. **You can create an account at thetrailnottaken.com**

2) The 4 hour rogaine will be a classic rogaine with 30 checkpoints worth from 30 to 80 points. You get the map on Friday night, so we can all discuss routes, strategy, attack points,... or not.

3) Sunday has a swim/run competition, a SUP race (in heats of 4) and a kayak race (likely just timed). After that, we (meaning mostly Lora) will provide a nice lakeside picnic lunch. Stay as long as you like. As an added benefit, we have an e-foil that folks are welcome to try. Most people learn to stand up in 30-45 minutes. (<https://www.youtube.com/watch?v=cuvJeTT4ksI>)

All of the meeting times/places can be found on the website: <https://www.tanznavigation.org/events/hullabaloo/>
